

WFTGA TRAINING

Through a growing Training Division, the WFTGA provides short courses in situ at different localities where asked for:

- **Hands On Training** Courses for skills for new guides and as a refresher for experienced guides
- **Train the Trainer** Courses for guides who want to train guides, cascading skills in their own country
- **International Train the Trainer** Courses for guide trainers who would like to train guides abroad

The WFTGA has delivered short tourist guide skills and trainer courses in many towns and cities and regions over the years, facilitated by our National, International and Lead International Trainers.

The WFTGA has two Training Centres which regularly run courses for guides from the world over to join:

- The **Cyprus WFTGA Training Centre** supported by the University of Cyprus in Nicosia

The WFTGA is able to accredit tourist guide courses in accordance with EN 15565:2008, where guiding skills, and contextualised area-specific knowledge are delivered both theoretically and practically.

WFTGA CONVENTIONS

Every two years, the WFTGA holds an International Convention where participants attend lectures, workshops, round-tables, panel discussions and tours in the locality.

At the same time and location as the biennial Convention, the WFTGA holds its General Assembly for Delegates who represent our Full Member Associations, to discuss current matters, choose the location of the next Convention following bidder presentations, elect the officers of the WFTGA Executive Board, and attend to Policies and Procedures.

These Conventions also offer pre-Convention and post-Convention tour packages for the Participants, Delegates and Accompanying Persons.
